

MR. BODDY (answer)

by Dave Miller and Peter Sagerson

(Modified for the bay area by Matt Green)

This is obviously a logic problem. Each room contains a Clue-like card for time, person, and weapon. Per the instructions, each of these cards is known not to be associated with the room it's in. The cards contain additional information as well. Solving the logic problem allows one to fill in the given solution grid:

	Time	Person	Room	Weapon
1	03:02:02 AM	Mr. Green	Hewlett Teaching Ctr.	Rope
2	03:01:04 AM	Professor Plum	Gates Comp. Sci.	Knife
3	11:07:06 AM	Colonel Mustard	Memorial Church	Wrench
4	08:07:07 AM	Mrs. Peacock	Hoover Tower	Revolver
5	11:03:05 AM	Miss Scarlett	The Track	Candlestick
6	05:07:01 AM	Mrs. White	The Mausoleum	Lead Pipe

Indexing time components gives:

	Time	Person	Room	Weapon
1	03:02:02 AM	G	E	O
2	03:01:04 AM	O	G	F
3	11:07:06 AM	T	A	H
4	08:07:07 AM	O	T	E
5	11:03:05 AM	T	E	L
6	05:07:01 AM	H	S	L
